# Beef Grow-Gest

**Type of Feed:** Supplement **Form of Feed:** Pellet

## General Description:

Designed for growing cattle to supplement pasture or to balance high roughage growing rations.

**LAND O'LAKES FARMLAND FEED**

## BEEF GROW-GEST

(For Ruminants Only)

FOR ALL CLASSES OF BEEF CATTLE

CAUTION: FEED AS DIRECTED

### GUARANTEED ANALYSIS

Crude Protein, Not less than..... 15.0%

(This includes not more than 2.0% equivalent crude protein from

non-protein nitrogen.)

Crude Fat, Not less than..... 1.0 %

Crude Fiber, Not more than..... 20.0%

Calcium (Ca), Not less than..... 0.8%

Calcium (Ca), Not more than..... 1.3%

Phosphorus (P), Not less than..... 0.5%

Salt (NaCl), Not less than ..... 0.5%

Salt (NaCl), Not more than..... 1.0%

Potassium (K), Not less than ..... 1.0%

Zinc (Zn), ppm, Not less than..... 140

Copper (Cu), ppm, Not less than ..... 35

Selenium (Se), ppm, Not less than ..... 0.8

Vitamin A, I.U./lb, Not less than ..... 7,500

Vitamin D<sub>3</sub>, I.U./lb, Not less than..... 2,000

Vitamin E, I.U./lb, Not less than ..... 10

### INGREDIENTS

Processed Grain By-Products, Roughage Products (not more than 70%), Forage Products, Grain Products, Molasses Products, Dried Bakery Products, Urea, Plant Protein Products, Animal Protein Products, Calcium Carbonate, Salt, Monocalcium/Dicalcium Phosphate, Zinc Sulfate, Zinc Oxide, Manganese Sulfate, Manganous Oxide, Copper Sulfate, Basic Copper Chloride, Cobalt Carbonate, Sodium Selenite, Potassium Iodide, Ethylenediamine Dihydriodide, Vitamin A Supplement, Vitamin D<sub>3</sub> Supplement, Vitamin E Supplement, Mineral Oil

### FEEDING DIRECTIONS

This product is to be fed to pre-weaned and weaned calves at the rate of 1 to 1.5 lb per 100 lb body weight daily. This is not a complete feed. Maximum intake is 8.25 lb per head per day. Always provide adequate amounts of forage and fresh, clean water.

### CAUTION

USE AS DIRECTED.

### Available Additives:

Product No. Product Names Active Drug Active Drug Level

1760046 Beef Grow-Gest Non-Medicated none

1760054 Beef Grow-Gest R60 Rumensin 60 g/t

1760047 Beef Grow-Gest B68 Bovatec 68 g/t

1760052 Beef Grow-Gest GP6 GainPro 6 g/t

Beef Grow-Gest – **1760046** 07/2001

### **Product Features: Product Benefits:**

15% Protein with 2% crude protein equivalents from NPN Provides economical supplemental protein on pastures especially during the late summer; and additional protein for lean gain on moderate to large frame calves with good genetic potential for growth

Highly digestible fiber Reduces risk of digestive disturbances

High energy feed Uses highly digestible fiber sources that are readily fermented in the rumen that provides additional energy for lean growth

Different feed additives available Wide range of options allows diets to be targeted for specific feeding situations.

### **Usage Tips**

Beef Grow-Gest is a very versatile feed that can be fed to all classes of cattle as long as sufficient roughage and/or forage is available.

When acclimating calves to a growing ration, start with smaller quantities and work calves up to higher intakes. If the high

salt option is used in a self-feeder, allow cattle to become accustomed to feed before filling self-feeder. If this product is selffed,

do not let feeder go empty before filling or the feed trough to accumulate fines.

### **Key Points**

1. Balances ration for growing calves on high roughage diets.
2. High digestibility for efficient weight gain.
3. Intakes can be controlled when calves get to heavier weights.
4. Bovatec, Rumensin and GainPro drug options are available.
